NIEL SEAL (Formerly TITE-SEAL) GASKET AND JOINT SEALING COMPOUND

Medium Weight N25-66 (1Lb)

Medium Weight N25-75 (5Lb)

Light Weight N20-66 (1Lb)

Light Weight N20-75 (5Lb)

Abbey Products manufactured these TITE-SEAL products exclusively for Radiator Specialty Company (RSC) for over twenty years. When RSC decided to exit the market recently Abbey Products assumed global distribution. To avoid trade mark infringement we were required to change the product name from TITE-SEAL to NIEL-SEAL.

During this time, and to this juncture, we were never required to conduct a stability study in order to establish a shelf life, expiration, or a re-test date.

Therefore without scientific data to support these, we cannot provide them.

A handwritten signature in black ink that reads 'Peter Hughes'.

Peter Hughes
Executive Vice-President
Abbey Products
